

SHADY GRANT

FULL-STACK SOFTWARE DEVELOPER

ABOUT ME

As a developer, you can create ideas into concrete products. The possibility to turn ideas into reality and the freedom of thinking of an idea and being able to create it is unparalleled. Technology is constantly changing and improving. I look forward to growing and improving just as technology does.. This what made me passionate to learn and study software development

PERSONAL PROJECTS

EzBuy

Built a personal application called EzBuy. EzBuy is an app that will make your online shopping easier. It allows the user to store favorite items in bags for easy access anywhere at anytime. Also, It shows the items in such an organized way so the user can compare each item smoothly for a better purchasing decision.

- React.js used to implement my application.
- Reactstrap and CSS to style my application.
- JSON-Server to create my own database.
- Sketchboard to create my application's wireframe.
- ERDs to create and understand data relationships.
- GitHub and Git to back up my project.

ohWaw

Built a full- stack personal project called ohWaW . ohWaW is an app that will make your life cooler. ohWaW will allow the user to add a list of your favorite cool, weird, and useful products that can be found online on Amazon or anywhere else that can be useful to people but they never know they exist. These products are divided into departments and users can interact with each other's posts for the best user experience.

- React.js used for client side. C#, SQL for server side.
- Reactstrap and CSS to style my application.
- Sketchboard to create my application's wireframe. ERDs to create and understand data relationships.
- Firebase for Authentication.
- GitHub and Git to back up my project.

SOFTWARE EXPERIENCE

FULL-STACK SOFTWARE DEVELOPER

Nashville Software School | Feb. 2020 to present

Intensive full-time 6-month software development boot-camp focusing on full-stack (C#/.NET) development fundamentals and problem-solving.

Group Projects:

- Built an application with 4 teammates that is a dashboard for people to use to organize their daily tasks, events, news articles, friends, and chat messages. I was responsible for implementing daily tasks from scratch as well as saving and deleting them from an API. I used HTML, CSS, CSS Imports, Flexbox, JavaScript native modules, Json-servers, APIs, Relational data, ERDs, git, and Github to build the website. The entire application was designed, implemented, and maintained remotely.

Link to project: <https://github.com/nss-day-cohort-39/nutshell-razzmatazz-roadrunners>

- Built a full-stack application with 3 teammates that allow people to save info about favorite blog, posts, and authors. Users can interact to each other's post by commenting on them. I was responsible for implementing CRUD functionality for categories, tags, and comments. I used (C#/.NET), SQL, REACT.js, Reactstrap, CSS, Firebase, ERDs, git, and Github to build the application. The entire application was designed, implemented, and maintained remotely.

WORK EXPERIENCE

Phone processing technician

Hyla Mobile| Feb. 2019 to Feb. 2020

- Inspect the phone's condition, as they might have any body-damages or cracks
- Grade each phone based on its condition
- Provide a report for each phone
- Face to face customer service

Assistant Manager

Mapco Mart | Feb. 2015 to Jun. 2018

- Promoted a store environment that is sharply focused on consistently delivering exceptional in-store shopping experience
- Provided and modeled excellent customer service to include merchandise and product knowledge and sales floor awareness, ensuring all customers are greeted and assisted
- Assisted Store Manager in sustaining a highly satisfied and loyal customer base through engagement, effective selling techniques, and conversion to drive a sustainable sales trend
- Facilitated team communication to reinforce to associates at every level a focus and accountability to customer service
- Processed all customer purchases promptly and courteously through the use of a cash register and gas console, ringing the correct departments and amounts
